

ABOUT THE INSTITUTE

The Government Polytechnic, Nagpur, is one of the oldest polytechnic institutions in Maharashtra/India established in July, 1914. Presently the institution is functioning with an annual intake of 860 (first shift 680 and second shift 180). The premises of this premier institute is spread over 22 acres of land with good infra-structure and state of art laboratories, Computer center, conference hall, Audio-Visual Room, Community Hall, Gymnasium, sports & games facilities. Separate hostels to accommodate 180 boys, 54 girls and 20 trainees are also available in the campus. Govt of Maharashtra has awarded academic autonomy to this institute in the year 1995. This institute has received ISTE Monjee award for overall best performance in the year 1996 and 2016. Best polytechnic award from the Government of Maharashtra in the year 1997 and 2016. The institute is marching towards being center of Excellence, which means performing high, offering academic service of excellent quality to both regular students as well as working personnel from industry.

VISION

To become a Centre of Excellence, providing quality technical education and training

MISSION

The mission of Government Polytechnic, Nagpur is-

- To frame institutional policies for effective implementation of teaching learning process
- To inculcate values and ethics for life-long learning through curricular, co-curricular and extra-curricular activities
- To develop facilities and services for academic excellence
- To enhance the skills of faculties and staff through industry institute collaboration.

CALL FOR PARTICIPTION

The Government Polytechnic, Nagpur, takes immense pleasure in inviting you to participate in Indian Society for technical Education (ISTE) approved (Ref Letter ISTE/proceedings/STTP-SF/MAH-62/2017-18, Dated May 22, 2017) STTP on INTERPERSONAL INTERACTIONS AT WORKPLACE, ETHICS & BEHAVIOUR(IIWEB) being organized by Dept of Chemistry & Dept of English.

OBJECTIVES

Workplace is an amalgamation of various individuals with different mindsets, attitude and behavior. To work towards a common goal every individual tries to perform to his optimum level. To synergize these efforts a mutual coordination and understanding amongst all stakeholders is a must. To direct all towards a common goal an understanding of self, surrounding and workplace ethics is necessary.

To address this concern a workshop is being organized for technical teachers who shoulder the responsibility of catering to the technical needs of the nation. It is thus imperative for them to possess a thorough understanding of self, society and technocrats and the workplace ethics that these technocrats have to follow.

COURSE CONTENTS

- Pedagogy vs. Classroom realities
- Personality Analysis
- Workplace interactions
- Transactional Analysis
- Professional Ethics
